

Effective collaboration is becoming increasingly important as people work remotely. We underpin fully remote or hybrid teams to come into a highly interactive, virtual collaboration space to maximise their time and create actionable outcomes.

Virtual collaboration workshops

Waterfield are specialists in designing and facilitating groups to effectively and collectively collaborate to make better decisions and act in concert to achieve the desired outcomes.

Design

Effectively designing the right framework and virtual workshop structure to engage all involved

Facilitate

Facilitate constructive meetings with your team to tackle hard problems in a virtual space

Report

Realtime reporting of outputs for the team to action straight away to encourage momentum

How it works

Professional and independent facilitation - to keep groups on track and on time

Interactive plenary and breakout sessions - to allow everyone to speak

Realtime reporting of participants feedback - to capture key points

Polls to assess participants' thinking and sentiments - to get insights into the group's thinking

Find out more

Well designed and facilitated Virtual Collaboration workshops can be as equally effective as face to face workshops.
